

The news media can be an important means of communicating information about the schools to the community. Consistent with Policy 2220, Official School Spokesperson, the board chair and superintendent and their designees are authorized to provide information to the news media on behalf of the school system.

The superintendent is responsible for establishing an effective working relationship with the news media. The news media should be notified whenever necessary to relay information to the public, such as when there are emergency school closings. The superintendent also is expected to identify opportunities to educate the news media regarding the goals of the board and schools, especially as they relate to student success and the educational program. The superintendent also should inform the news media of the results of the schools' efforts to increase student success.

The school district will respond to news media requests for public records in compliance with the board policy 5070/7350 Public Records-Retention, Release, and Disposition.

The board policy on visitors to schools, policy 5020, applies to news media. News media are expected to cooperate with school system officials in their efforts to provide a safe, orderly and inviting learning environment in which disruptions to instructional time are minimized. The principal or superintendent or their designees may require news media to leave or prevent news media from entering school grounds if the news media's presence interferes with these efforts.
