

FREE AND REDUCED PRICE MEAL SERVICES

Policy Code:

6225

The school district accepts responsibility for providing free meals and reduced price meals to eligible students in the schools.

Applications for free or reduced price meals will be made readily available to parents by the principal and may be submitted at any time during the school year.

In accordance with the guidelines for participation in these programs, and in accordance with the wishes of the board, no student who meets the criteria for eligibility for free and reduced lunch benefits will be denied a free lunch, milk or other food, simply because proper application has not been received from his or her parents or guardian. The principal may complete an application, based on the best household size and income information available, for a student known to be needy if the parents or guardian fails to apply. The source of the information must be noted on the application. The principal shall ensure that school rules and procedures are implemented in ways that do not impede eligible students from participating fully in these programs.

The information provided on each application is confidential. The school district will make reasonable efforts to maintain the anonymity of students participating in the free or reduced price meal program.

Each year, the superintendent or designee shall ensure that the school system has met all federal requirements to verify the eligibility of applicants. When school personnel become aware of information that raises concerns about the integrity of an application, the superintendent or designee must verify the questionable information by following the verification for cause procedures set forth in federal regulations.

The superintendent is authorized to apply for community eligibility as an alternative to collecting individual household applications for free and reduced price meals for any school or group of schools that meet the eligibility requirements for community eligibility established by federal law. In schools approved for participation pursuant to the community eligibility requirements, the board will serve free lunches and breakfasts to all students in the school without regard to income and will cover with non-federal funds any costs of providing the free meals above the amounts provided by federal assistance. Participating schools will not collect free and reduced price applications from households.

The administration shall establish procedures that conform to state and federal requirements regarding participation in programs for free and reduced lunch benefits.
